The Creation of the LG One:Quick Series

Our lives are an endless succession of contact and communication with one another. May it be family, friends, co-workers, or business partners, we are constantly interacting with people no matter where we are.

Knowing that this process of contact and interaction is inevitable, LG wanted to make the experience easy and pleasant. LG examined in fine detail even the slightest inconveniences we may experience, and this is what led to the creation of the LG One:Quick Series.

As the name suggests, the LG One:Quick Series allows you to do many things you want simply and quickly all with one device. Now we can focus on life itself and spend our time on things more valuable and important.

A Wonderful Life only possible with the LG One:Quick Series.
Welcome to a One:derful Life!

The Pursuit of a One:derful Life with the

LG One:Quick Series

We can freely interact and communicate without any limitations to time and space. We can talk with faraway family as if they're right next to us, meet teachers and friends without going to school, and hold meetings with important business partners just as we would in person.

The versatile LG One:Quick Series includes a variety of features all-in-one empowering you and your space with new capabilities and possibilities.

Not only does the built-in camera and mic provide clear and vivid video calls and meetings, but you can also do numerous tasks interactively with the touchscreen and share screens wirelessly. It will save you from inconveniences you did not even notice before.

Experience the simplicity and convenience of the LG One:Quick Series.

The LG One:Quick Series will make your life complete.

LG One:Quick Works

Video conferencing has long been a fact of life, but with the way we work today, it has become downright essential and practically unavoidable. For everyone sick of scuffling with cables, spotty connection, terrible mic pickup and out-of-focus webcams, there's thankfully now an easier, more productive way to conduct video calls and meetings at the office.

The ideal productivity tool for the contactless era, LG's category-creating innovation is bringing greater efficiency and sleek, modern styling to businesses of all types and sizes. Let's take a look at how it can boost efficiency and productivity in your workplace.

It doesn't take a lot to make your business One:derful. The All-in-One video conferencing display, LG One:Quick Works, is all you need.

Make your Business more One:derful

Function to add and delete apps on the launcher will be available in the 1Q of 2022.

All-in-One Video Conferencing Display

Connectivity issues are the enemy of smooth conference calls. The complex and often time-consuming task of connecting cameras, mics, speakers, laptops, and projectors can easily derail your meeting schedule or make an important presentation fall flat.

One:Quick Works avoids all such issues by integrating everything needed into a single, stylish package. It boasts a large touch-sensitive display, Windows-based PC, crisp 4K UHD camera, high-quality microphone, built-in speakers, digital whiteboard and video conferencing apps.

with LG One:Quick Works

* Voice Recording may not be allowed when using the video conferencing app.
* The function to add and delete apps on the launcher will be available in the 1Q of 2022.

Smart Auto Focus

Still trying to figure out who is saying what, straining to hear what's being said, and huddling around the microphone when it's your turn to speak?

The high-gain mic can clearly capture the voice of someone sitting or standing up to six meters away and uses noise cancellation to minimize any background sounds. Meanwhile, the 3,840 x 2,160 resolution camera automatically focuses and tracks the speaker.

Built-in Camera

Flexible Video Conference App Use

LG One:Quick Works supports a variety of video conferencing and collaboration apps to give users more ways to make the most of their meetings. LG's video conferencing solution, One:Quick Remote Meeting, comes pre-installed and ready to use, while various apps can be easily installed via shortcuts conveniently placed on the onscreen launcher.

Split View for Multitasking

LG One:Quick Works features a split-view mode for easier multitasking by sharing files and organizing ideas simultaneously with members in the meeting room.
